:Aaron

1. immunizations for gr 6' and gr 7 catch up. Bit challenging but completed.
2. Jason Owen – badminton intermural grade 6 tues - grade 7wed- grade 8 thurs – next is basketball. Request made that days are rotated ie: students have something on Thursday and if in Grade 8, will never be able to participate in intermural. Aaron will follow up on this idea.
3. Students are acting like a community – reinforcing protocols and expectations, doing a good job. Nice to see volunteers coming into school – Rotary, a student teacher and university students – getting back to being more of a community
4. Projects: Great Shake Out – expanding technology, looking at a storage container and stocking it. District does the costing out and where it will be located for accessibility. In the process of connecting with the District looking for a price. - 4500-5500 – used – a variety of different grades. There may be some within the district we could order which may be less. May look at a cement pad if District says we have to locate in a place which doesn't have one and the costs associated with this. 3rd party angel that can donate a container. Local companies that deal with construction and shipping – may have a

conversation to have a partnership. District is looking for partnerships like this. Aaron will reach out.

5. Resources for outdoor learning
6. Teacher appreciation – we Shared Empire donuts – they were very grateful and nice to see staff come together.

3. Unfinished Business & Updates

- Teacher Appreciation – Teacher's thought it was great as it was a surprise for the teachers. It was a great thing to do. So many people thanked Laurel. Shameen Heatherington sent a delightful thank you. Laurel has completed an evaluation. Glitch in the coffee pick up but it went well. Aaron really enjoyed personally and stated that the teacher's knew they were being supported. Laurel would like the rotary to be thanked too in the future. The evening custodians as well. There were donuts left for them. Café Fantastico donated the coffee.
- Holiday Hampers- last year 7 hampers put together. Last PAC chair received a list of requests from the school counsellors. The items were then listed on sign up genius. Gillian is going to work with the counsellors to see how many hampers are necessary. Santa's Anonymous starting campaign and they have reached capacity but Stan Hagen Salvation Army is still accepting applications. Carrie is suggesting that we donate the money to Santa's Anonymous and have them take care of our families due to the Pandemic. Gillian – will follow up with counsellors on what the needs are and are straight gift cards the answer for this year? Laurel stated that we could get donations for each item and PAC can purchase off of Amazon if necessary to avoid contact.
- Music Family Committee – Jeanine stated that they are putting fundraising on backburner. Potentially online silent auction and coffee sales. No trips on the horizon.

4. New Business

- Fundraising Ideas-
Christy – School Supplies from Monk's :we would get the supply lists from the teachers, then Monk's will set up an online form to order and proceeds to the PAC, Gillian is supportive Donations come in as well- we are Part of Telus program with back packs and school supplies, Grace Lutheran donates as well.
